

BRAVO! ITALIAN RESTAURANT & BAR
GLUTEN SENSITIVE MENU

We understand that navigating our menu can be difficult for someone unable to digest gluten - especially when so many of our specialties are pizza, pasta and bread!

To this end, we have created an abbreviated menu to help our customers explore the wealth of options and substitutions best suited for this dietary need.

For example, we have found an excellent gluten-free bread for our sandwiches, and we offer rice pasta for most dishes. While we train our staff to avoid cross contamination, shared cooking and preparation spaces including common fryer oil, prevent us from guaranteeing that any entree is completely gluten-free.

However, we hope the size and diversity of this menu and the care of our staff will allow those of you with mild to moderate sensitivity to enjoy many safe and satisfying meals at BRAVO!
